ERP Consultant

What We Do

Lucid Consulting, based in Bellingham, Washington, is a successful software and information technology firm dedicated to providing financial and operational systems and consulting to small and mid-sized businesses. Lucid Consulting offers several ERP products and related services to help clients meet their intended profitability goals and business objectives by streamlining processes and maximizing their productivity using technology. In a nutshell, we implement the software and business processes that help run a company. We then continue to support those clients on a regular basis to assist with process improvement and other activities that allow them to continue to leverage the solution.

What You'll Do

We are seeking an **ERP Consultant** to join our growing business and help us deliver high quality service to our clients. This individual would be tasked with implementing and supporting our ERP software primarily in the finance, distribution, and development areas of our practice. We work primarily with Acumatica and Sage ERP products as well as their related add on solutions. This type of job is really where accounting and technology meet. There is a lot of creativity and problem solving that encompass this role and this individual would be working both independently and with various teams on these projects.

This position will have incredible support resources come in the form of training, tools, and support from the Lucid team and from our partners to help guide and mentor. Part of the onboarding process involves shadowing seasoned consultants on implementations, client projects and other support tasks. Our ideal candidate will have a solid understanding of financial and/or operational systems coupled with accounting and business process skills and experience. Beyond the accounting and technical capabilities, what we desire is someone with good people skills, a passion for solving puzzles, and the energy and drive to tackle new challenges.

Responsibilities:

- Lead and/or assist with planning, designing, developing, implementing, training and support or ERP Systems.
- Lead and/or assist with multiple projects including project plans, schedules, and process documentation.
- Software Configuration & Maintenance including implementations and migrations.
- Support of Accounting, Distribution & Manufacturing modules including implementation, testing and training.
- Data analysis and Troubleshooting.
- Technical support with installation, maintenance, upgrades.
- Travel to client locations, including some out-of-state travel.

Knowledge & Skills:

- Degree in Business, Finance, Accounting, Accounting/MIS, Computer Science or relevant experience required
- Strong interpersonal, verbal, and written communication skills.
- Solid organizational and project management skills and ability to work independently and as part of a team.
- ERP Experience (5 Years Minimum)
- SQL Server database implementation and administration.
- SSRS (SQL Server Reporting Services and SSIS (SQL Server Integration Services)
- Business Intelligence software experience with products such as Tableau, Sage Enterprise Intelligence, Sage Intelligence, Sage Data & Analytics or related BI tools.

What we offer

This is a full-time position. Salary base DOE plus bonus with a well-rounded benefit package including full employee medical, Simple 401K with 3% match, and 3 Weeks PTO. There is a salary adjustment after 6 months and then at 1 year. Then annually at a minimum after that. This position does require presence in the main office with some remote flexibility once fully trained and operational.

Lucid has a very collaborative work environment and provides plenty of opportunity for professional growth and success. We like to hire smart people that want to be a part of building something great. We like to recruit talent with diverse backgrounds and life experiences that can bring their voice to our team. One of our core values is that we value our team as much as we value our clients. If this sounds like something you would be interested in being a part of; please reach out. We'd love to hear from you.

How to reach us

If this sounds like the right opportunity for you, please send your resume and cover letter to hr@lucidconsulting.com. More information on our firm can be found at www.lucidconsulting.com.
